Subject: FW: Tyson RFP Concerning Modeling Documents

Michael, per my email to you last Thursday, we will be responding to your RFP by supplement this week, but, again, the information you requested has been produced as considered materials as far as I can tell from my discussions with Dr Wells and Dr Engel. As I said in my email last Thursday, we will send you this week a supplemental response this week that will ID the Request with the relevant document(s) that are responsive. David.

Subject: Tyson RFP Concerning Modeling Documents

Pursuant to our call yesterday, I can confirm that all of the "documents" responsive to the above referenced request for production (RFP) concerning the modeling information should be included in the "considered materials" produced with Dr Engel's and Dr Wells' expert reports. In order to hopefully avoid any confusion as to which of the considered documents are responsive to each individual request, next week, I will prepare a supplemental response to these requests that will include a separate production, (that we

7/7/2008

believe is a duplicate of the items produced in the considered materials) on discs or DVDs that will separately identify and include (by file name on the disc and by RFP number) the requested documents that the State or its experts (Engel and Wells) have that are responsive to each of your RFPs.

Please call if you have any questions.

Thanks, David.
